

In 2020, women (especially moms) were disproportionately impacted by Covid-19. Moms at Emerge Mothers Academy faced job and wage losses, distance learning, mental health challenges, and diminished support networks. Thank you for coming alongside her during a difficult year.

73 single mothers and their **155** children received one or more services providing support during a non-traditional school year.

701

Hours of programming to help single moms navigate the impacts of Covid-19 and local civil unrest.

\$30K

Grant funds to date that have been given to empower single mother entrepreneurs to grow or start-up their business.

SOCIAL SERVICES

\$60,000 given to single mothers to help them gain or maintain stability in the midst of navigating the challenges of Covid-19 and social unrest.

WORK PREP

\$29,566 more earned per year on average for mothers who were able to obtain employment through the Work Preparation Program.

FINANCIAL LITERACY

Covid-19 created limitations for in-person classes. Emerge Mothers Academy responded by creating a 20 part Financial Literacy Course that is accessible to clients online, removing the barrier to attend an in-person class.

We exist to equip single mothers to emerge as confident women and caring moms.

CENTER OF BELONGING

Your generous support launched a new headquarters in South Minneapolis. Here single mothers can receive our services as well as services from many of our charity partners.

PERSONALIZED CARE PACKAGES

Donors and volunteers came together to deliver **91** care packages to single mothers with essentials including; rent checks, food, toiletries, school supplies, gift cards, and flowers.
