Stories of Moms Emerging

Meet Miranda: An Ongoing Story of Transformation

In 2010, Miranda became a first-time mom. Her daughter's dad was incarcerated and Miranda was working towards recovering from addiction.

She and her daughter moved in with her parents as she worked towards stability.

Miranda was introduced to Emerge Mothers Academy a couple of years ago and says "I feel like Emerge has given me the resources I need."

Miranda has achieved so much for her and her daughter and continues to set big goals like moving into their own home.

Your generosity is equipping Miranda to keep moving forward!

Thank You For Nurturing Newborns

Benilde-Saint Margaret's School senior, Ava, and several classmates partnered with Emerge Mothers Academy to equip single moms with the diapers, formula, clothing, and baby equipment they'll need as they start their solo-parenting journey.

Thank you to Ava and the many donors who reached 11 moms and their newborns!

"Being a mom really does take a village to raise a child. I'm super grateful for supporting me in getting things that would've been hard for me to get right now. Me and my new baby girl thank you from the bottom of our hearts."

Will You Make Her Family's Holidays Brighter? Sponsor a Holiday Meal or Gifts

Your gift will provide a mom-led family with a prepared Thanksgiving meal, holiday gifts, and an opportunity to celebrate the holidays together.
