2022 ANNUAL IMPACT REPORT

EQUIPPING
SINGLE MOTHERS
TO EMERGE AS
CONFIDENT WOMEN
AND CARING MOMS

A record-breaking year

You positively impacted the lives of 345 single moms and their 763 children.

2022 was a record-breaking year as we served **44% more moms than last year.**

But these moms are more than just a number. Each woman has a story and goals. They dream of a better life for their family.

One-by-one, you helped these women gain the confidence and skills needed to conquer their goals.

On behalf of the 345 mom-led families served...thank you for your amazing generosity in 2022! You equipped these moms to persevere and work towards a better life in 2023. I can't think of a more powerful and life-changing lesson for their kids!

You are strengthening mom-led families and futures.

With immense gratitude,

Becca Erickson
Executive Director

Since 2012, we have come alongside **1,068 moms & 2,403 children** as they've worked to build a better life!

MEET A MOM

As Cassandra* describes it, 2022 was one of her "lowest years." She had lost her mom. Her grief led to an intense depression and she says, "my kids almost lost me." As a single mom, she knew she needed to find a different way forward so that she could be present and available for her kids and honor her Mom's memory.

She found Emerge Mothers Academy, which connected her with tools and resources to start processing her grief. As time passed, she was able to start setting and reaching small goals. Eventually she set a bigger goal of landing a new job where she could feel good about making a difference in other people's lives. By participating in Emerge Mothers Academy's Work Prep service, she was able to identify her interests, set goals, and gain employment in her desired field.

In Cassandra's words, "Thank you so much. Without Emerge Mothers Academy, who knows if I would be doing this work in the schools, which I really enjoy!"
