

THE POWER *of one*

THE POWER *of one*

A THANK YOU FROM OUR
EXECUTIVE DIRECTOR
BECCA ERICKSON

Thank you for your immense generosity in 2023! **You positively impacted the lives of 208 single moms and their 476 kids.**

To me, the most powerful number is ONE. Because, behind each number shared in this report is one woman and her family. And your support matters immensely to each of them.

Every mom at Emerge Mothers Academy matters. They all have a unique history and goals to build a better life.

One-by-one, you helped every mom of Emerge Mothers Academy gain the confidence and skills she needs to build a better life for herself and her kids.

On behalf of the **208 mom-led families served**...thank you! You are showing these moms that they can overcome adversity and achieve their dreams for a better life for their children.

Thank you for strengthening mom-led families and futures - one family at a time.

With immense gratitude,

A handwritten signature in dark ink that reads "Becca".
